

### SUBCHAPTER 3 ADMINISTRATION, ENFORCEMENT AND APPEALS

**295-301. Authority.** The administration of this chapter shall be vested in the commissioner of city development, who is charged with the duty and authority to issue certificates of occupancy and construction permits. The commissioner shall issue no certificate or permit for the use or development of any land or structure, nor for the erection, alteration, relocation, extension or substantial improvement of any structure, or part thereof, if the intended use or the plans and specifications therefor are not in all respects in conformity with the provisions of this chapter. In issuing permits, all city departments, officers and employees shall check all proposed work, activities, construction and uses for compliance with the provisions of the zoning code.

**295-303. Occupancy.** Pursuant to s. 200-42, it shall be unlawful to occupy or use any building, structure or premises unless a certificate of occupancy has been issued by the commissioner of city development. A separate certificate shall be obtained for each occupancy or use, as specified in this chapter. However, pursuant to s. 200-43, a temporary certificate of occupancy may be issued by the commissioner of neighborhood services for occupancy and use of any building, structure or premises prior to completion of construction. In addition, a conditional certificate of occupancy may be issued by the commissioner of city development for a period of up to 180 days for the temporary occupancy and use of any building, structure or premises, or part thereof, prior to the approval of a variance or special use permit by the board or the approval of a zoning map amendment by the common council. Issuance of a conditional certificate of occupancy shall not imply that the board or common council is going to approve the applicant's request. The commissioner of city development is authorized to require whatever temporary precautionary measures are necessary to safeguard the public as a condition of issuance of a conditional certificate of occupancy. A conditional certificate of occupancy may be issued only when the following criteria have been met:

1. The applicant has applied for a certificate of occupancy and paid the required fees.
2. If board action is required, the applicant has filed an application for a special use permit, use variance or dimensional variance with the board and paid all required fees related to the appeal. If a zoning map amendment is required, the applicant has filed a map amendment application with the department and paid all required fees, and a common council file number has been established.
3. The commissioner has determined that the occupancy or use will not jeopardize life, health or property and will not adversely impact adjoining property or the neighborhood in general.
4. All required inspections have been completed and passed.
5. The applicant agrees to discontinue the use within 30 days of the decision of the board or common council, if the appeal or zoning map amendment is not approved.
6. The applicant agrees to hold the city harmless for any claims resulting from the use of the property during the period the conditional certificate of occupancy is in effect.

**295-304. Conditional Construction Permits.** A conditional construction permit may be issued by the commissioner for a period of up to 180 days for the development of land or the erection, alteration, relocation, extension or substantial improvement of a structure, or part thereof, prior to the approval of a variance or special use permit by the board or the approval of a zoning map amendment by the common council. Issuance of a conditional construction permit shall not imply that the board or common council is going to approve the applicant's request. A conditional construction permit may be issued only when the following criteria have been met:

1. The department has determined that plans for the proposed construction are in compliance with the building code and with all aspects of the zoning code except those provisions for which a permit denial letter has been sent to the applicant.
2. If board action is required, the applicant has filed an application for a special use permit, use variance or dimensional variance with the board and paid all required fees related to the appeal. If a zoning map amendment is required, the applicant has filed a map amendment application with the department and paid all required fees, and a common council file number has been established.

## **295-305 Zoning**

3. The commissioner has determined that the occupancy or use will not jeopardize life, health or property and will not adversely impact adjoining property or the neighborhood in general.
4. The applicant agrees to return the site to its previous condition and use within 30 days of the decision of the board or common council, if the appeal or zoning map amendment is not approved.
5. The applicant agrees to hold the city harmless for any claims resulting from construction at the premises during the period the conditional construction permit is in effect.

**295-305. Temporary Use Permits.** A temporary use permit authorizing any of the temporary uses listed in the use tables of the various zoning districts, except a live entertainment special event, for which no temporary use permit is required, may be issued by the commissioner in accordance with the following provisions:

1. **APPLICATION AND FEE.** A completed application form, accompanied by the required fee specified in s. 200-33, shall be submitted to the commissioner.
2. **APPROVAL PROCEDURE.** The commissioner shall approve, approve with conditions, or deny a complete application within 5 working days. No notice or public hearing shall be required.
3. **FINDINGS.** In order to approve the application for a temporary use, the commissioner shall make the following findings:
  - a. The proposed temporary use will be located, operated and maintained in a manner consistent with the policies of the comprehensive plan and the provisions of this chapter.
  - b. Approval of the application will not be detrimental to property or improvements in the surrounding area or to the public health, safety or general welfare.
4. **CONDITIONS OF APPROVAL.** When issuing a temporary use permit, the commissioner may impose conditions, including but not limited to permit term limitations, necessary to:
  - a. Achieve the general purposes of this code and the specific purposes of the zoning district in which the temporary use will be located.
  - b. Protect the public health, safety and general welfare.
  - c. Ensure operation and maintenance of the temporary use in a manner compatible with existing uses on adjoining properties.

**295-306. Council Member Notification of Certain Limited Uses.** Whenever the department issues a certificate of occupancy for any small group shelter care facility, small foster home, group home, group foster home or community living arrangement classified by this chapter as a limited use in the zoning district in which the facility is located, the department shall provide written notice of such issuance, including the location and description of the facility, to the local common council member. ## 295-311-3 Zoning

3. VARIANCES. a. Application. Every application for a variance shall be made upon a form which has been furnished by the board secretary and approved by the board. The applicant shall provide all information requested on the form and any additional information requested by the board chair or secretary that is necessary to inform the board of the facts of the variance request. In the case of a use variance, the applicant shall also submit the affidavit required by s. 295-313.

b. Public Hearing. Prior to making a determination with respect to a variance request, the board shall hold a public hearing and provide, by mail, written notice of the hearing to the petitioner, at the address provided on the variance application, and to owners of property immediately surrounding and within at least 150 feet thereof, inclusive of streets and alleys, as listed in the office of the city assessor. Such notice shall state that the board will be considering and conducting a public hearing on a request for a variance, and shall otherwise be in accordance with s. 19.84, Wis. Stats. In the case of a fence variance, written notice of the hearing need only be provided to owners of abutting properties, to the owner of the property determined by the department to be directly across the street from the premises, and to owners of properties on each corner opposite the premises if the property to which the variance would apply is a corner lot.

c. Consideration Of Input From Parties Of Interest. No variance hearing shall be held and no variance shall be granted unless the board or its staff has received a report of any comments, concerns or recommendations relating to the proposed variance from the department of public works, the department of city development, the department of neighborhood services and the common council member in whose district the premises to which the variance would apply is located. The board may proceed with its hearing and decision on the variance request regardless of whether any of these parties have submitted a report to the board, provided that 30 days have elapsed since the date on which the board's office notified each of these parties that a completed variance application had been received.

d. Findings. No variance shall be granted unless the board, after due notice to the parties of interest, finds that the following facts and conditions exist, and so indicates in the minutes of its proceedings or its decision:

d-1. Preservation of Intent. A variance would not be inconsistent with the spirit, purpose and intent of the regulations for the district in which it is requested.

d-2. Exceptional Circumstances. Exceptional, extraordinary or unusual circumstances or conditions apply to the lot or intended use that do not apply generally to other properties or uses in the same district, and the variance is not of so general or recurrent nature to suggest amendment of the regulation.

d-3. Preservation of Property Rights. The variance is necessary for the preservation and enjoyment of the same substantial property rights which are possessed by other properties in the same district and same vicinity.

d-4. Absence of Detriment. The variance will not create substantial detriment to adjacent property, and will not materially impair or be contrary to the spirit, purpose and intent of this chapter, or the public interest.

d-5. Hardship; Dimensional Variance. In the case of a dimensional variance request, compliance with the code requirement from which the variance is requested would unreasonably prevent the property owner from using his or her property for a permitted purpose or would otherwise be unnecessarily burdensome.

d-6. Hardship; Use Variance. The alleged difficulty or hardship is not self-imposed, nor is it based solely on economic grounds.

e. Conditions Of Approval. Conditions of approval may be imposed by the board to prevent or minimize adverse impacts upon the public and the city's neighborhoods and to ensure compatibility of land uses and consistency with the purposes and intent of this chapter. Conditions of approval may include, but shall not be limited to: limitations on size, bulk and location; standards for landscaping, buffering and lighting; limitations on emissions of odors, dust, smoke, refuse matter, vibration, noise and other factors affecting the comfort, enjoyment, health or safety of residents, workers or visitors in the surrounding area; adequate ingress and egress; and other on-site improvements.

4. ADDITIONAL SPECIAL USE AND VARIANCE REGULATIONS. a. General Operation. A special use or variance which has been approved by the board shall operate in conformance with its approved plan of operation, site plans and conditions of approval. Such special use or variance shall not be enlarged or intensified without the approval of the board unless otherwise permitted by this section.

b. Combined Use. A permitted use may be added to, enlarged, expanded or rebuilt as part of an approved special use or variance without board approval provided the hours of operation are limited to the hours specified in this code, if any, parking is provided in accordance with this chapter and the addition, enlargement, expansion or reconstruction is in conformance with all other provisions of this code and with any applicable elements of the city's comprehensive plan, and does not require modification of the approved plan of operation.

c. Changes to Improvements. Parking areas, landscaping, signs, structures, fences, awnings or similar site features of an approved special use may be constructed, expanded, enlarged or rebuilt without board approval provided that the construction, expansion, enlargement or reconstruction is in conformance with all other provisions of this code, any applicable elements of the city's comprehensive plan and the plan of operation or conditions established by the board.

d. Repairs And Maintenance. The buildings, site features and structures of an approved special use or variance may be repaired and maintained in compliance with this code without board approval.
